EXPLANATION:

The HTML file structures the entire MRF Tyres clone website with semantic sections.

A `<div class="top-bar">` creates the dark header strip with social media links.

The "Where To Buy?" button uses a special `.buy-btn` class styled in yellow for visibility.

The `<nav class="navbar">` is the sticky navigation bar that stays fixed while scrolling.

A hamburger menu `<div class="hamburger">` is included for mobile responsiveness.

Dropdown menus are built using nested `<ul>` tags inside `.dropdown` list items.

The hero slider section contains a `slides-wrapper` div holding three individual slide divs.

Each slide has an `<img>` background and `aside-text` overlay with heading, paragraph, and button.

Navigation arrows (prevBtn, nextBtn) and dot indicators are placed inside the hero section.
